**Subject:** RE: Conference call with chlormequat chloride registrant  
**Attachments:** Taminco US LLC - June 4th Meeting w/ EPA - Chlormequat Chloride

Hi, all.

Since Heather is out of the office today, I'm sending around the attached message we just received from the chlormequat chloride registrant.

The attached message includes a question, presentation slides, and a draft data matrix that they are requesting EPA take a look at prior to the meeting with a mind towards providing feedback.

I know this is arriving very late for feedback by a Tuesday meeting, so do what you can.

Thanks,  
Lindsay

**Subject:** Conference call with chlormequat chloride registrant  
**When:** Tuesday, June 04, 2019 2:30 PM-3:00 PM (UTC-05:00) Eastern Time (US & Canada).  
**Where:** DCRoomPYS7621B/Potomac-Yard-One <DCRoomPYS7621B@epa.gov>

Hello EFED:

Eastman Chemical Company has requested a conference call with our staff. Their agent, Julie Mann with Steptoe & Johnson, will also be on the call. Eastman's chlormequat chloride first food use PRIA action was recently rejected by the Agency (see attachment). I have had several conversations with Julie Mann to go over the deficiencies. Eastman is interested in doing the necessary studies and/or requesting waivers so that they can come back in with a full package. They have some questions about the studies that they'd like to go over with the team. I invited the entire EFED team, as I don't have a detailed list of questions from the company at this point.
